Good Programs Booked At Oyen Theatre

The theatre management have made a number of extra good bookings for the coming month. Next Friday and Saturday, Milton Silks, supported by Betty Bronson (famous as "Pater Pan"), Noah Beery, Kate Price and Charles Murray are the attraction in "Paradise" a south sea romance, adapted from the novel by Cosmo Hamilton. Following this on Monday and Tuesday, Buck Jones in "Hills of Peril" a fine western picture, should make a great hit.

Ken Maynard and Tom Mix are due at early dates. "Summer Bachelors" with Madge Bellamy and Matt Moore in the leading roles, should prove a pleasing show. "One Increasing Purpose" by A.S.M. Hutchinson is another good show to be given in September.

Toward the end of the month "Mons" the great British war film, will be shown together with Colonel Lindbergh's "Race For Paris".

For the convenience of rural residents, the starting time of 8.30 p.m. will be continued till further notice.

Will Visit Oyen Sept. 3

Dr. Armstrong, member of the staff of the Central Alberta Sanatorium at Calgary, will be at the offices of Drs. Swartzlander and McPhail, in Oyen, on Saturday, September 3. Any persons who have been or are now suffering from lung diseases may be examined by Dr. Armstrong on that day. Write or phone for an appointment.

These services come under the department of public health no charge being made for the examination.

Circus in Town To-Day

Cooper Brothers' circus is in town to-day, and those who attended the afternoon performance were well satisfied with the show. While a considerable number were in from the country, the attendance was a good deal lighter than it would have been had the circus come at a more opportune season.

Both the show and the street parade were thoroughly enjoyed by the youngsters, who will long remember the day.

The show to night will be followed by a dance in the theatre.

MR. JOHN KING
President of the British Newspaper Society, who, with a party of other pressmen from the Old Country, is making a tour of Canada.

Cutting Delayed By Monday's Rain

Cutting in most parts of this district was delayed by Monday's rain. Those who were early in the fields had to stop about 10 a.m. and in most cases did not resume work till yesterday afternoon.

With wonderful crops through out the district, the lateness of the season is causing a little anxiety. Delays now of even a day, may prove costly. In fields where crops have not been blown down, cutting is proceeding rapidly, but in fields affected by adverse weather blasters are working under a terrific strain and in many cases can only cut about their usual capacity. Weather condition improved and to day but the probs. for to-morrow are "light showers".

Here and There

Air mail service between Winnipeg and Fargo, North Dakota, has been inaugurated and the first mail for Winnipeg from the United States arrived recently.

The potato acreage along the Dominion Atlantic Railway line is larger than last year and a 40 per cent. crop increase is looked for. There will likely be 175,000 barrels available for export, as compared with 125,000 last year.

British Columbia's farm production of 1926-27, breaking all records and gaining \$6,200,000 over the previous year, according to the final figures of the Provincial Statistician, C. H. Stewart, comprising leads with agriculture second.

A new world record is set—300 white Leghorn baby chicks arrived from the University of British Columbia at Ottawa through the Canadian Pacific Express Company, safe, sound, and hungry, all of them. None had feed or water on their 3,000 mile journey and none died or suffered.

A Barred Plymouth Rock, owned by the University of Saskatchewan, has established a new record for the three Prairie Provinces, laying her 100th egg in her pallet year of which there is still a month to go. The world's record for trap-nested production is held by No. 2, an Auguste, B.C. pullet, which laid 361 eggs in 361 days.

Members of the newly-appointed Saint John Board of Harbor Commissioners, headed by Hon. W. E. Foster, recently concluded a conference with Canadian Pacific officials of the district, in connection with the proposed improvements in the grain shipping facilities of the port. The chief object of the new commission, according to Mr. Foster, is the creating of a national idea of an all-Canadian trade route through the Port of Saint John.

Scots in Car 4a are looking forward with keen interest to the coming Highland Gathering and Festival of Scottish music to be held at Banff September 3 to 5, the activities taking place on the grounds adjoining the Banff Springs Hotel. Through the generosity of the Canadian Pacific Railway officials, the festival has been made possible and is along the line of the Canadian Folk Song Festival held at the Chateau Frontenac, Quebec, in May which was voted such an outstanding success.
